

SHEARLINE 27

Shearline Boatworks of Morehead City, N.C., has launched a 27-foot center console that features twin Suzuki 250 four-stroke outboard engines mounted on custom Armstrong Nautical bracket. She's a hardcore fishing machine that's equally at home on the bay and sound as she is offshore. Features of the self-bailing cockpit include a non-skid surface and under-gunnel cockpit lighting as well as teak covering boards, custom stereo speakers, four rod holders, flush mount stern cleats and fresh and salt water washdown. A large stern seat has an insulated fish box below.

The helm area of the console includes a custom painted helm pod, folding aluminum footrests, flush-mounted compass and an electronics package that includes a Garmin 5212 color chart plotter, Icom VHF radio and Fusion stereo. The cushioned leaning post features a natural teak bait prep station with teak fiddle rail, two additional rod holders and a removable folding aluminum backrest that fits in the rod holders. There's also an insulated drink box and additional storage in several areas. The custom aluminum T-top by Carolina Custom Towers includes an overhead radio box, four rod holders, Stamoid laceless soft top with aluminum bumper rail, Taco outriggers and mounting plates for antennas. A seat forward of the console has insulated storage below as does the V-shaped forward seating. Mechanical features include Racor fuel-water separators, three batteries with back-mounted on/off selector switching, Hubbell shore power inlet and 12-volt battery charger, Blue Sea 12-volt distribution panel, Lenco electric trim tabs with auto retract and Shur Flo Pro Blaster pumps for raw and fresh water washdowns. **Contact: Shearline Boatworks at 252-726-6916 or on the web at www.shearlineboatworks.com.**

VIKING 52 CONVERTIBLE

The new Viking 52 Convertible features a three-stateroom, two-head layout and offers a choice of sleeping arrangements in the bow including the standard layout with crossover berths with the lower a double bunk and the upper port side berth a large single while the second plan offers a custom queen berth. On both versions, the master stateroom is fitted with a walk-around queen bed and a private head and shower. A third stateroom to port has upper and lower berths. The port and forward staterooms are separated by a shared head and shower. Ample stowage is provided in the three staterooms with large maple-lined hanging lockers, credenzas, and deep drawer space, as well as beneath each bunk. A laundry center in the companionway is standard.

The salon includes an L-shaped lounge, home theater system, dinette, and an L-shaped galley complemented with Amtico flooring and an island fronted with a pair of bar stools. Rich Juno teak joinery and furniture throughout the yacht and custom designer furnishings and dry goods create a luxurious living space. The 142-square-foot cockpit offers the convenience and comfort of Viking's exclusive observation mezzanine while the flying bridge features a center console helm station arrangement with flanking lounges and forward seating. Engine packages include MAN V8 and V12 with the larger V12s providing a cruising speed of 35 knots and a top end of 40-plus knots. The new Viking 52 Convertible can be customized with Palm Beach Towers and Atlantic Marine Electronics equipment and accessories. **Contact Viking Yachts at 609-296-6000 or on the web at www.vikingyachts.com.**
