

VIKING 50 CONVERTIBLE

VIKING COMFORT

The 50 Convertible opens into a bright salon finished in horizontal-grain walnut, with linear LED overhead lighting for a crisp, modern look. An L-shaped lounge wraps around a hi-lo cocktail table, while the raised dinette offers outside views and rod storage below. The peninsula galley keeps essentials close, with three staterooms and two heads below.

COMMAND CENTER

The flybridge centers on a walk-around console with a recessed black acrylic dash for twin 22-inch displays. An available teak helm pod and Release Marine chairs put the captain in command, with excellent 360-degree sightlines. Forward lounge seating, port and starboard benches, drink holders and storage deliver the right balance of comfort and utility.

Radio boxes, available hardtop teaser reels and a clean electronics layout reflect decades of Viking helm design. The command center is dialed in for serious offshore fishing, with the function and control owner-operators appreciate.

BATTLE READY

The 131-square-foot cockpit is set up for fishing, cruising and long days offshore. Available teak, mezzanine seating, refrigerated fishboxes, a transom live well and a crushed-ice machine support the action, while recessed cleats, a transom door, a lift gate and deep toe-kick space keep the cockpit open, clear and ready for the fight.
